## **The Broad Gores Site**

As a result of the 'Yes' vote in the Referendum, the land between the two ends of Broad Gores will be developed in accordance with the Neighbourhood Plan.

### ***This shows that:***

- 3.9 acres of land to the east (beige) will be developed by a private developer for housing, with an emphasis on smaller homes. This has 'For Sale' up.
- 5.4 acres to the west (green) will be given to the Parish Council – and so to the people of the Parish – for use as an open green space.

### ***Management***

The Parish Council has decided that it wishes to see a group of residents manage the land and supervise its development for leisure purposes. This will involve – designing the layout, applying for grants, managing funding, supervising contractors, planting trees and bulbs, organising publicity etc.

***Would you like to help?***

***Do you have some skills, which would be useful?***

***Do you have equipment, which you would use on the land without charge?***
